Directions: For adults, take two (2) capsules daily, preferably with a meal.

Green Tea is a nutritional staple in Japan where it has been used for centuries for its beneficial properties. The polyphenols within Green Tea are believed to be primarily responsible for the herb's positive actions on cardiovascular health and immune function.* Our Green Tea extract is standardized for 80% Polyphenols, one of the active constituents in this herb. Polyphenols such as EGCG are powerful antioxidants that help fight against cell-damaging free radicals in the body.* By scientifically isolating active constituents, we ensure that they remain at consistent concentration levels with each dose.

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store in a cool, dry place. Do not use if seal under cap is broken or missing.
