KEY FEATURES

- ✓ Featuring clinically studied Nitrosigine®
- ✓ Free of artificially-derived colors, flavors and sweeteners or added sugar
- ✓ Vegan/Vegetarian
- ✓ Free of most allergens (e.g., milk, gluten & soy)

EXTREME EDGE® NITRO is designed to be one of the most effective nitric oxide boosting products ever created. It features clinically studied Nitrosigine®, a patented complex of bonded arginine silicate stabilized with inositol, that has been scientifically engineered to significantly boost nitric oxide (NO) levels. NO is a key factor in promoting the relaxation of smooth muscle in blood vessels, thus increasing blood flow to the heart and working muscles. Optimal blood flow allows you to sustain

a high level of training intensity taking your workouts to a whole new level! Use it once, and you will never train without it again! ♦

DAILY WORKOUT REGIMEN FROM EXTREME EDGE®
