ABOUT US

At Samsara Herbs, we believe that ALL positive change in the world must first begin with positive change from within. We invite you to tap into your own infinite power through the use of our potent herbal extracts!

We seek out only quality herbs from our trusted sources from around the world for use in our herbal extracts.

Samsara Herbs, dedicated to empowering your life force!

Standardized herbal extracts contain isolated herbal compounds, in guaranteed amounts. Often having the prevalent compound found in an herb, in a significantly higher concentration than found in nature.

DESCRIPTION

Samsara's Monolaurin is 100% extracted from coconut meat or copra, unlike many others which are derived from inferior palm oil. Monolaurin also naturally occurs in breast milk and is considered a beneficial element in the support of a baby's healthy immune development. It is commonly known to support a healthy wide-spectrum immune response.**

Our water soluble herbal extracts are best mixed in juice or a smoothie, although mixing in water is perfectly fine if you can tolerate the taste.

STORAGE

Cool dry place, out of direct sunlight.
