Chaste Tree Liquid Extract

Ingredients: certified organic grain alcohol (70-75%),
distilled water & Chaste Tree extractives.

Dry herb / menstruum ratio: 1 : 4

SUGGESTED USE

SHAKE WELL BEFORE USING

Two to four times per day
take 30 to 40 drops in a little water.

Caution: Consult a qualified midwife or
physician before taking during pregnancy.
Keep Out of the Reach of Children

LIQUID HERBAL EXTRACT

CHASTE TREE

Vitex agnus-castus
Mature Berry

HERBAL SUPPLEMENT

4 fluid ounces (118.4 ml)

We prepare our Chaste Tree Extract from the
berries of *Vitex agnus-castus* trees, which
are Custom Wildcrafted™ in their wild native
habitat.

To assure optimal extraction of Chaste Tree's
bioactive compounds, the berries are hand-
harvested only after they have fully ripened,
are carefully shade-dried, and are then
thoroughly extracted.
