

USAGE: Take 1 capsule per day with food or as directed by your qualified healthcare professional.

NOTE: Consult a healthcare professional before using this product if you are trying to conceive, pregnant, or lactating, under the age of 18, or have a medical condition; if adverse reactions occur, discontinue use.

Jarrow Formulas® Freeze Dried Lactoferrin (Apolactoferrin/ultra low iron) is an important immune supporting glycoprotein that is found in breast milk.* Digestion of lactoferrin by gastric pepsin liberates the immune-supporting peptide lactoferricin B.* One of the biological activities of lactoferrin comes from its powerful ability to facilitate iron absorption. Freeze drying better preserves the delicate structure of the lactoferrin.*

Keep out of the reach of children.

Store in a cool, dry place.
