DIETARY SUPPLEMENT

NIACINAMIDE B-3

100 MG • 250 TABLETS

Supplement Facts

Serving Size 1 Tablet

	Amount Per Serving	%DV
Niacin (as niacinamide)	100 mg	625%

Other ingredients: dibasic calcium phosphate, microcrystalline cellulose, stearic acid, and silica.

Niacinamide, also known as vitamin B-3, functions in over 50 metabolic reactions, most of which are enzymatic. Its bioactive forms – NAD⁺, NADH, NADP, and NADPH – play important roles as catalysts in the energy production process in the cells, the breakdown of proteins and fatty acids, the synthesis of fatty acids, and the formation of steroid hormones and red blood cells. Niacinamide functions as niacin, without the characteristic “flush”.*

Suggested Use: 1 tablet daily.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
