MegaFood Blood Builder is clinically shown to increase iron levels without nausea or constipation.*† We add real food like organic beets and oranges, with key nutrients like folate, iron and B12, that help to improve energy levels and combat fatigue. Vitamin C is included to support iron absorption.†

This product is made with food-paired vitamins and fermented minerals. Satisfaction guaranteed or your money back.

We believe the most nutritious food comes from healthy soil. Our goal is to partner with farmers who share our commitment to regenerative agriculture, working to nourish the soil for quality ingredients that make for premium supplements.

*Shown in an 8-week clinical study to increase iron levels in individuals with low iron, without causing nausea or constipation.† Study details at bloodbuilder.com
