

SUGGESTED USE Consume one capsule daily or as recommended by a health care professional. Research indicates that the greatest benefits of Saw Palmetto are achieved by consuming 320 mg (one capsule) daily. This product is most effective as part of a healthy diet and active lifestyle, along with one of **ANDREW LESSMAN'S** multi-vitamin-mineral formulas. **For answers to questions about the use of this product call 800.800.1200.**

PROSTATE SUPPORT™

SAW PALMETTO BERRY EXTRACT
 PUMPKIN SEED OIL • LYCOPENE

DIETARY SUPPLEMENT

360 Easy-to-Swallow Capsules

Andrew Lessman's PROSTATE SUPPORT contains a high potency, standardized extract of the Saw Palmetto berry. Numerous clinical studies have shown that Saw Palmetto can support the normal function of the prostate and in so doing, promote healthy urinary flow. Saw Palmetto's benefits are most apparent at night where a healthy relationship between the prostate and the bladder can reduce urinary urgency and reduce sleep interruptions. Our **Prostate Support** provides the ideal research recommended daily level of 320 mg of Saw Palmetto berry extract in a single, easy-to-swallow capsule. Following the science, our high potency extract of the Saw Palmetto berry is standardized to deliver 85-95% total fatty acids. We also include 2,000 mcg of Lycopene, since it is the most important, protective carotenoid in the prostate gland. Research has shown that Lycopene can help protect the prostate from damaging free radicals and promotes healthy prostate function. We then add Pumpkin Seed and Flaxseed oils to optimize this formula's benefits. Most men in the United States have only recently discovered the fragile nature of their prostate – generally due to sleep interruptions caused by urinary urgency. Our **Prostate Support** formula offers a comprehensive, clinically proven, active ingredient to support the delicate tissues of the prostate gland while also promoting the prostate's healthy relationship to urinary and bladder function.
