

Use in conjunction with the diet and exercise plan available at www.slimvance.com/plan.

*A randomized clinical study of 140 healthy overweight people compared the use of Slimvance® in conjunction with an 1,800-calorie diet and walking plan to a placebo with the same diet and walking plan. Those on Slimvance® lost almost 10 more pounds (-11.81 pounds versus -1.91 pounds), lost over an inch more around the hips (-1.76 inches vs. -0.48 inches) and lost over an inch more around the waist (-2.12 inches versus -0.68 inches) than the placebo group after 16 weeks.

*In a double-blind, randomized, placebo-controlled crossover study, 25 subjects exercised on a treadmill on two occasions. On one occasion, the subjects took the thermogenic blend 60 minutes before exercise, and on the second occasion, they took a placebo. When the subjects took the thermogenic blend, they burned three times

more calories before, 3% more calories during and 12 times more calories for up to one hour after exercise compared to when they took the placebo.

Capsimax® is a trademark of OmniActive Health Technologies. Slimvance® is a trademark of PLT Health Solutions - Laila Nutraceuticals, LLC. US Patent #8,541,383 and international patents pending.

No Artificial Flavors, Gluten Free,
