

**Suggested Usage:** Take 1 tablet daily with a meal.

Zinc is essential to the normal function of many organs and systems within the body including the skeletal, immune, neurological, and endocrine systems.\* Zinc is a necessary mineral co-factor for hundreds of enzymatic reactions related to protein and carbohydrate metabolism, RNA/DNA synthesis, and intercellular signaling.\* It is also known to play a critical role in the body's free radical neutralizing activities and is especially helpful for maintenance of healthy aging.\*
