We believe that Amazing Nutrition® is the key for Healthy Living. We are passionate about bringing you the finest selection of products which can perfectly complement a healthy diet and active lifestyle.

Amazing Formulas™ L-Arginine L-Ornithine Complex is a combination of two amino acids necessary for protein and nitric oxide synthesis, which makes it a popular supplement among athletes and active individuals.* L-Arginine boosts blood circulation which helps eliminate workout byproducts such as ammonia and nitrogen compounds from the body during a metabolic process called the urea cycle.* L-Ornithine works alongside L-Arginine to amplify the detoxifying process.* L-Arginine and L-Ornithine are precursors of glutamic acid, citrulline and proline.
