

Huperzine A may support levels of the neurotransmitter Acetylcholine in the brain. By supporting levels of Acetylcholine, Huperzine A can help support energy, stamina, and optimal cognitive function.*

Suggested Use: Take one tablet with or without food to support mental performance including memory, focus, motivation, and energy. Do not consume more than 4 tablets in one day and do not consume more than 1 tablet at a single time. Space out doses 3-4 hours.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.

WARNING: Consult your physician before using this product. Do not take this product if you are pregnant, nursing, or taking any other medications. Do not combine this product with any other acetylcholinesterase inhibitors.

Discontinue use and consult your doctor immediately if any adverse reactions occur. Do not take Huperzine-A and operate any heavy machinery until you know how it affects you. Keep out of reach of children.
