Pittsburgh, PA 15222 USA

Contains a bioengineered food ingredient.

***In a randomized, double-blind, placebo-controlled study of 112 healthy volunteers, subjects taking the GNC vitamin and mineral blends for six weeks experienced significant improvements in serum levels of certain key nutrients compared to a placebo and a basic multivitamin formula based upon multivariate statistical analyses of a group of 8 vitamins (thiamin, niacin, riboflavin, pantothenic acid, biotin, folic acid and vitamins B-6 and B-12) and key antioxidants and carotenoids (a group of beta-carotene, alpha-tocopherol, selenium, lutein and lycopene). Statistical improvements in SF-36 Vitality and Mental Health scores were also observed compared to placebo.**

***In a double-blind, randomized, placebo-controlled, crossover study, 25 subjects exercised on a treadmill on two occasions. On one occasion, the subjects took the thermogenic 60 minutes before exercise, and on the second occasion, they took a placebo. When the subjects took the thermogenic, they burned three times more calories before, 3% more calories during and 12 times more calories for up to one hour after exercise compared to when they took the placebo.**

†When used in conjunction with an exercise program.
