**Suggested Use:** As a dietary supplement, take 1 capsule 3 times per day, approximately 30 minutes prior to meals.

**Note:** TTA may cause mild bloating and fluid retention in some users which may make it more difficult to ascertain the total amount of fat loss while using TTA products. This does not decrease the potential effectiveness of TTA-500 and results may become more apparent as fluid retention diminishes.

**Allergen Information:** Not manufactured with yeast, wheat, gluten, soy, milk, egg, fish, shellfish, or tree nut ingredients. Produced in a GMP facility that may process other ingredients containing these allergens.

**Warning:** This product is intended for healthy adults over 18 years of age. Do not use this product if you are pregnant or nursing. Consult your physician before using this or any dietary supplement, especially if you are taking any medication or suffer from any health condition(s).
