

SUGGESTED USE: Adults take 1 capsule once a day with food or as directed by your qualified healthcare professional.

Jarrow Formulas® Lactoferrin (Apolactoferrin) is an important immune supporting glycoprotein that is found in breast milk.* Digestion of lactoferrin by gastric pepsin liberates the immune supporting peptide lactoferricin B.* One of the biological activities of lactoferrin comes from its powerful ability to facilitate iron absorption.* Our lactoferrin is freeze dried to better preserve its delicate structure.

WARNING: Consult a healthcare professional before using this product if you are pregnant, nursing, under the age of 18, are taking medication or have a medical condition; if adverse reactions occur, discontinue use.

**KEEP OUT OF THE REACH OF CHILDREN.
