

MTS Nutrition Tyrant™ helps promote lean mass gains and fat loss, naturally! Tyrant™ increases the amount of "good" estrogens (2-hydroxy and decreases the amount of "bad" estrogens (4-hydroxy and 16 hydroxy). This optimizes muscle growth and fat loss. By controlling cortisol levels, Tyrant™ can help prevent too much cortisol being released or cortisol levels being elevated too long. Excessive cortisol levels can lead to suppression of the immune system, excessive protein breakdown, and the accumulation of abdominal fat. Stay lean and mean with Tyrant™!*
