

Balancing "calories in" with "calories out" is at the foundation of most weight management programs. In a world where we are surrounded by unhealthy, carbohydrate dense foods that look and taste amazing, this can be one of the hardest balancing acts to maintain and is often what causes weight loss efforts to lose momentum and disappear into the night... until now.

Gut-to-Brain Hunger Control is a unique weight management tool that addresses this core issue by helping you reduce calorie intake and carbohydrate cravings so that you can have improved success in achieving your weight-loss goals.*

DNF-10[®] Satiety Peptides
This formula features DNF-10[®] Satiety Peptides, which has risen in popularity due to its potential to target the key hunger hormone Ghrelin.* Preliminary research shows that DNF-10[®] can reduce the sensation of hunger and the impulse to eat carbohydrates helping to reduce fat mass and body mass index (BMI).*

Bonus Features
DNF-10[®] is complemented by the supportive effects of Chromium, Methylcobalamin (B12), Vitamin B6, and Medium Chain Triglycerides (MCTs), which combine to support cellular energy balance throughout the body.*

What makes us different:

Liquid Soft-Gels - The nutrients in these easy-to-swallow Liquid Soft-Gels are released fast. Other forms of delivery can contain binders and fillers that may cause stomach upset and offer no nutritional value. Advanced Liquid Soft-Gels provide an optimum delivery system.

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Quality Assurance - Irwin Naturals[®] is committed to providing the highest quality products for your health. We employ compliance testing to ensure purity and potency.

Global Responsibility - Over the years we have donated to organizations that support the environment and the health of our children.

Patented BioPerine[®] - Our special BioPerine Complex enhances the bioavailability, absorption and potency of many nutrients.*

Usage Warnings: Do not use if safety seal is broken. This product contains an ingredient that may affect blood sugar.
