

Ostinol® InstaJoint contains Cyplexinol®, a natural growth-factor BMP-complex. BMP complexes are functionally involved in the formation of bone and cartilage tissue, however limited studies for oral administration are available but ongoing.* Additionally, Ostinol® InstaJoint contains boswellic acid (AKBA), enriched to 65%. AprèsFlex®, a licensed ingredient from PLT Health Solution, is added to support joints in a few as 5 days according to their clinical results.*

SUGGESTED USE: As a supplement take one (1) to two (2) Ostinol® InstaJoint capsules two (2) times per day or as needed.

WARNING: Consult a healthcare provider before using if pregnant, nursing or on medication. Do not use if inner seal is missing or broken. Store in a cool, dry place. Keep out of the reach of children.
