

**PROTOCOL
FOR LIFE BALANCE®**

L-Glutamine

1000 mg

- Supports a Healthy Immune System*
- Promotes Gastrointestinal Health*

120 Veg Capsules

A Dietary Supplement Vegetarian/Vegan

SUGGESTED USAGE: Take 1 capsule 1 to 3 times daily, or as directed by your healthcare practitioner.

HOW IT WORKS: L-Glutamine, the most abundant amino acid in the body, is an important constituent of proteins and participates in many key metabolic processes.* Glutamine helps to regulate acid/base balance, maintains nitrogen balance, and acts as a nitrogen reservoir for the production of other amino acids.* It also serves as an important energy source for certain cell types, such as gut, immune, and kidney cells.* Glutamine is known to support gastrointestinal integrity, normal immune system function, and the preservation of muscle tissue.*

CAUTIONS/INTERACTIONS: L-Glutamine may interact with lactulose, anti-convulsant medications, and chemotherapy agents. If you are taking any of these medications or if you are pregnant/lactating, if you have an MSG hypersensitivity, a kidney condition, a seizure disorder, bipolar disorder, or impaired liver function, consult your healthcare practitioner before using this product.
