

SUGGESTED USAGE: Take 1 softgel daily with a fat-containing meal, or as directed by your healthcare practitioner.

HOW IT WORKS: The major biologic function of vitamin D is to maintain healthy blood levels of calcium and phosphorus.* Vitamin D supports bone health by promoting calcium absorption and bone mineralization.* Vitamin D also plays an important role in immune function and helps to regulate cell growth and differentiation.*

CAUTIONS/INTERACTIONS: Vitamin D should be used cautiously by those taking cardiac glycosides and anyone with hypercalcemia. Vitamin D supplements may interact with atorvastatin and thiazide diuretics. If you are taking any of these prescription medications, consult your healthcare practitioner before using this product.

Natural color variation may occur in this product.
