For relief of occasional:

- gas*
- bloating*
- discomfort*

Associated with digestion of beans, cabbage, broccoli & other gas-inducing foods

ENZYMEDICA
Natural Digestive Health & Wellness

BeanAssist™

Occasional Gas, Bloating & Discomfort*

• Fast-Acting*

Dietary Supplement **Vegan & Kosher**

30
CAPSULES

Recommended Use: 1 capsule with each meal containing a problem food. More may be taken as needed.

- **Fast-Acting***
- **Supports digestion of gas-inducing foods***
- **Relief from occasional bloating & discomfort***

Occasional gas and bloating are often the result of poor digestion. The complex carbohydrates in foods such as beans, cabbage and broccoli are difficult for the body to break down. When not broken down, these foods begin to ferment, producing gas.

BeanAssist™ contains the enzyme Alpha Galactosidase, which breaks down complex carbohydrates into sugars that are naturally easier to digest.* Proper digestion of these foods may reduce discomfort and prevent occasional gas and bloating.*
