Enzyme deficiencies may result from a combination of age, diet and lifestyle. These deficiencies can lead to a variety of digestive discomforts, including occasional gas, bloating, indigestion and irregularity.

Digest™ is an enhanced formula that breaks down carbohydrates, fats, fiber and protein.* The enzymes included in **Digest** support optimal digestion by helping the body absorb nutrients and convert food into energy.* Digestive well-being improves concentration and increases vitality.*

Recommended Use: 1 capsule with each meal. More may be taken as needed. For higher enzyme potency, Enzymedica's **Digest Gold™** may be helpful.

Thera-blend™ enzymes are comprised of multiple variants which are blended to work synergistically throughout the broad pH range of the human body.
