

SUGGESTED USAGE: Take 2-6 capsules daily, prior to exercise.

Ribose is a simple sugar that occurs naturally in all living cells. Ribose is the structural backbone of ATP, the primary form of energy used for all cellular processes.* Demand for ATP availability is especially critical in the heart and skeletal muscle and ribose supplementation can help to maintain optimal energy levels in these tissues.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry, dark place after opening.
