Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

used as a combination to support normal digestion.*

SUGGESTED USAGE: As a dietary supplement, take 1 capsule just before each meal.
Caution: Do not take on an empty stomach. Do not take in case of stomach or duodenal ulcers.

NOW® Betaine HCl with Pepsin is formulated to supply two very important elements of normal digestion: Hydrochloric Acid and Pepsin. Hydrochloric Acid produces the appropriate acidic environment to further stimulate the digestive process, encourage the proper conditions for the absorption of nutrients in the intestine, and helps to maintain a healthy balance of gut bacteria. Pepsin is an enzyme that partially breaks down proteins in foods. Together, Hydrochloric Acid and Pepsin work to promote the release of nutrients from food and has traditionally been

Betaine HCl
