✓ A daily intake of at least 0.8g of plant sterols contributes to the maintenance of normal blood cholesterol levels.

DIRECTIONS: Adults take 2 tablets twice a day after meals for 12 weeks, then maintain at 2-3 tablets a day, or as your health professional advises. Do not exceed recommended daily intake.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

The total dietary intake (from foods and supplements) of phytosterols should not exceed 3g a day.

May cause a temporary and harmless red colouring of the stool. Not to be taken by children, or if pregnant or breastfeeding.

This bottle has a UV filter.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
