

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish.

Omega-3 fatty acids are being recognized more and more as critical elements of cardiovascular, nervous system, immune and skin health, among others. The best natural source of omega-3 fatty acids is fatty fish which contains both eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA). Many people do not include adequate amounts of fatty fish in their diet. Our molecularly distilled Concentrated Omega-3 is sourced from fresh cold water sources and is tested for pesticides, PCBs, and heavy metals. Natural orange oil is added to provide a pleasant flavor.†
