Niacin has long been a supplement used for healthy cholesterol support, but many users often complain about the "niacin flush" that accompanies its use. Our vegetarian formula No-Flush Niacin also known as hexanicotinate, is a form of niacin that provides all of the same benefits as

possible because the body metabolizes inositol hexanicotinate slower than traditional niacin, not reaching full serum levels for nearly 10 hours.† WE GUARANTEE OUR SUPPLEMENTS

traditional niacin without the flush. This is
