GLUTEN FREE

In the language of Ayurveda, Avani describes a living ecosystem of earth fostering life. Similarly, the microflora in our gut represents a world of cooperative bacteria fostering wellness.

FlorAvani™ represents a modern understanding of intestinal balance, which targets wellness from within.*

FlorAvani balances your native bacteria to promote a personal ecosystem of microflora. In a clinical study, it was shown to improve digestion, reduce gas and bloating and promote healthy populations of beneficial bacteria.*

Featured herbs on front: Triphala (Amla, Belleric myrobalan, Chebulic myrobalan dried fruits), Ginger (rhizome) & Chicory (leaf)

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.
